MEMO

Example

Hello.

I think smoking should be banned in all public places.

- 1 Cigarette smoke is dangerous for our health because it can cause diseases like lung cancer. People who don't smoke can also get sick from inhaling cigarette smoke.
- 2 In addition, cigarette waste such as cigarette butts or lighters make the environment dirty. I think that we have to keep public places clean for everyone's safety.

Thank you.

Hello.

- 1 First, banning people from smoking in public places takes away their freedom to enjoy their cigarettes. In addition, smoking is not illegal, so people should be free to do it anytime or anywhere they like.
- 2 Lastly, people feel stressed all the time. Some people smoke to relax and release their stress. I think it's important for people to do anything they want that could help them feel better.

Thank you.
